

Using MyPC to book a PC

You can access IT facilities at all our Learning Hubs.

MyPC is the web-based computer booking system which allows you to reserve a computer online at College or from home.

You can make bookings for computers in **all Learning Hubs**, so if you know there's a time you need a computer for **course work**, it's a good idea to book it in advance.

Booking with MyPC

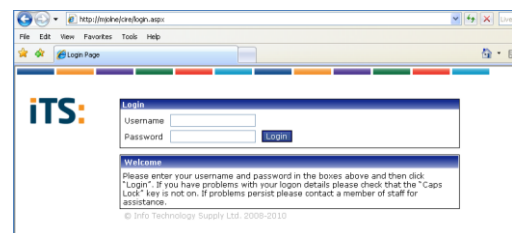

There are **two ways to get to MyPC** from home. You can open an internet page and type this URL into the address bar: <http://mjolne.dundeecollege.ac.uk/MyPC3>

You can also go to the **Blackboard homepage: search the internet for Dundee College Blackboard** or type this URL into the address bar: <http://bb6.dundeecollege.ac.uk>

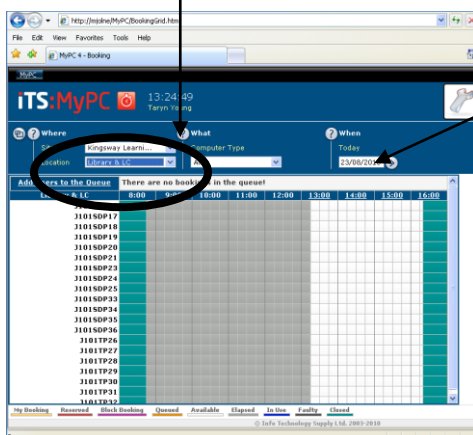

Click the **MyPC** link on the left of the Blackboard homepage:

[Virtual Library](#)
Use the virtual library to find subject related websites.
[MyPC](#)
Book a PC in one of the college libraries or learning centres

Login your College username and password.

Remember to select your required campus and area from the **Site** and **Location** drop down lists.

Click on the **date box** to choose the **date you want** before **selecting a time and PC** which is available.

Please note: All computer accounts are **deleted** on the 31st July every year, so please make sure you store any work you wish to keep on an external memory device.

If you have any queries, or experience problems booking a PC:
contact Learning Hub staff
